Please hand completed form and payment to club secretary or mail to:

The Western Australian Rover Owners' Club (Inc) PO Box 1090, East Victoria Park WA 6981.

Signed: …..... Date: .....

Meetings and Events

We get our cars out for a drive pretty much every month on the third Sunday. Typically this will involve a scenic drive, lunch somewhere and visits to local attractions such as the Aviation Heritage Museum in Bull Creek, York Motor Museum and local wineries. We also go to the annual Gingin British Car Day, the Busselton British Auto Classic, and have had picnics on the foreshore, the river, and Lake Monger.

We hold a General Meeting every month at the Veteran & Classic Car Club of W.A. at 265 Hale Road, Wattle Grove. Meetings are on the 3rd Wednesday of each month, starting at 7.00 pm with tea and biscuits.

If you have an interesting or rare car, or anything under restoration, you are welcome to bring it to a general meeting for all to inspect. You can tell us about the ups and downs you've encountered along the way.

History

The Club started in 1983, when around sixty Rover enthusiasts responded to a newspaper advertisement and met in Mt Lawley. Doug Lyons and Trevor Ward, the two men understood to have conceived the idea of forming a club, became the inaugural President and Secretary. An earlier club, the Rover Classic Sports Register, catered for models up to the P3 only and had become defunct by the mid 1970s. Some of its former members joined the new club at the inaugural meeting, thereby providing a firm foundation of experience on which to build.

Very early on the club adopted a constitution and became incorporated. Its main aim has always been to assist Rover owners and enthusiasts to preserve the cars, enjoy their use and keep the famous marque alive in Western Australia. Membership has grown steadily over the years and the Club enjoys a sound financial position thanks to excellent administrative and financial management throughout its history.

Contact

For general inquiries and membership, contact *treasurer@waroc.org.au*. Or if you prefer the old-fashioned way, you can fill out your details on the form at the back of this leaflet.

Two other vital contacts are the magazine editor at *editor@waroc.org.au* and the events coordinator at *events-coordinator@waroc.org.au*.

Magazine

All members receive a copy of Rover Road, the Club's monthly magazine, by email. It is also available to download from the club website www.waroc.org.au. It contains articles, and news of club activities. Members may place advertisements for free and are encouraged to submit articles.

General

Membership is open to owners and drivers of any model of Rover or Land Rover, to those who are interested in Rover cars and their preservation, and to all family members. Current members' vehicles range from a 1934 Rover 14hp through to the current Land Rover Discovery III.

Not sure yet about joining? You are welcome to attend a meeting as a guest. If you are thinking of getting a Rover, come and talk to us. Chances are one of us will know someone with a Rover for sale, or will have some history on a Rover you are looking at.
